Elements of the advert which cannot be trimmed must have clearance of at least 3 mm from the edge of the format.

Complaints resulting from incorrect templates cannot be accepted.

Technical conditions: Elements of the advert which cannot be trimmed must have clearance of at least 3 mm from the edge of the format.

Cross-over adverts: In the case of cross-over adverts, both pages must be set up with 4-6 mm of overlap. This is particularly relevant with continuous texts.

Colour adverts: Colour tones which cannot be created with the colours of the Euro-scale used are calculated separately.

Foregoing the use of the base colour black in displaying colour adverts does not have an effect on calculations.

If formats with additional colours are used differently on double-page spreads then calculation is done for every page of the booklet as per the tariffs that apply to partial formats. Minor deviations in tone are possible as part of the technical realities of the offset process.

Terms of payment: Immediately after invoicing, without deductions. Unless there are outstanding invoices, 2% discount is given on prepayments which are completed before the publication date. Direct debits are possible.

General Terms & Conditions: The publisher's terms and conditions apply for handling orders. The current T&Cs can be found online at: <https://jahr-artope.media/agb/>
Due to tax legislation, we request that the tax reference number or VAT number is provided when the order is issued.
